

Franklin County Data Center Job Description

Jr. Microsoft .NET Developer

**Excellent Benefits Package

SUMMARY

Franklin County Data Center is looking for a Junior Microsoft .NET Developer for a temporary to permanent role to assist with development, delivery and migration of multiple applications from legacy and non-standard technologies.

ESSENTIAL DUTIES AND RESPONSIBILITIES

The successful candidate will design and develop applications from requirements documents using Microsoft's ASP.NET and C# technologies. The responsibilities also include unit, integration and system testing of assigned modules. This individual will perform software implementation tasks, including source control and deployment activities. This individual must be involved in all phases of the development process. He or she will be responsible for developing Microsoft .NET applications in line with business goals, objectives and technical requirements. Development plans will need to be revised as appropriate to meet changing needs and requirements. The developer will also write documentation to describe program development, logic, coding, testing changes and corrections.

QUALIFICATIONS

- 2+ years of ASP.NET and MVC application experience, at least version 4.5, on full life cycle projects
- Strong web development and C# on n-tier architectures
- The ability to integrate into end-to-end solutions
- Knowledge of the Microsoft Visual Studio development environment
- Experience with Microsoft SQL Server and data access methods
- Strong understanding of Object-Oriented programming concepts
- Strong interpersonal and leadership skills
- Excellent oral and written communication skills

PREFERRED

- Microsoft Team Foundation Server (TFS) experience
- Java and DB2 experience

QUALIFICATIONS

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill and ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

EDUCATION and/or EXPERIENCE

One year of college (IT related) or technical school; or six to 12 months related experience and/or training; or equivalent combination of education and experience.

LANGUAGE SKILLS

Good communication skills are required. Must have the ability to read and comprehend simple instructions, short correspondence and memos. Must have the ability to write and key simple correspondence and have the ability to effectively present information in one-on-one and small group situations to customers, clients and other employees of the organization.

MATHEMATICAL SKILLS

Must have the ability to add and subtract, multiply and divide in all units of measure using whole numbers, common fractions and decimals. Must have the ability to compute rate, ratio and percent, and to draw and interpret bar graphs.

REASONING ABILITY

Ability to apply common sense understanding to carry out detailed written or oral instructions. Ability to deal with problems involving a few concrete variables in standardized situations.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is regularly required to stand; use hands to finger, handle, or feel; reach with hands and arms; and talk or hear. The employee frequently is required to walk. The employee is occasionally required to sit and stoop, kneel, crouch, or crawl. The employee must regularly lift and/or move up to 50 pounds. Specific vision abilities required by this job include ability to adjust focus.

WORK ENVIRONMENT

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this job, the employee is frequently exposed to risk of electrical shock. The employee is occasionally exposed to moving mechanical parts. The noise level in the work environment is usually quiet.
