

# Franklin County Automatic Data Processing Board

**Michael Stinziano, Secretary/Chief Administrator**

*Cheryl Brooks Sullivan ♦ Kim Brown ♦ Daniel J. O'Connor, Jr  
John O'Grady ♦ Maryellen O'Shaughnessy ♦ Antone White ♦ David R. Payne*

---

**To:** The Honorable Michael Stinziano, Secretary/Administrator  
Franklin County Data Processing Board

**From:** Adam Frumkin, Chief Information Officer  
Franklin County Data Center

**Date:** November 30, 2023

**Subject:** Agenda for the Monday, December 04, 2023, Data Processing Board Meeting

The proposed agenda for the Monday, December 04, 2023, Franklin County Automatic Data Processing Board meeting is attached for your review. The meeting will be held in the Olympus Room (FCDC Auditorium) on the 9<sup>th</sup> floor of the Franklin County Courthouse, 373 S. High Street, Columbus, Ohio 43215.

**The Board will reconvene in a Regular Session at 9:00 A.M.**

*AN AGENDA WILL BE PROVIDED TO YOU AT THE MEETING.*

**Cc:** The Honorable Cheryl Brooks Sullivan, Member, Franklin County Treasurer  
The Honorable Kim Brown, Member, Franklin County Court of Common Pleas  
The Honorable Daniel J. O'Connor Jr., Member, Franklin County Recorder  
The Honorable John O'Grady, Member, Franklin County Board of Commissioners  
The Honorable Maryellen O'Shaughnessy, Member, Franklin County Clerk of Courts  
The Honorable Antone White, Member, Franklin County Board of Elections  
Mr. David R. Payne, Member, Franklin County Board of Elections

Jo Ellen Cline, Delegate, Franklin County Auditor  
Gary Dwyer, Delegate, Franklin County Auditor  
Shawn Dunlavy, Delegate, Franklin County Auditor  
Susan Bedsole, Delegate, Franklin County Common Pleas Court  
Andrew Byerly, Delegate, Franklin County Common Pleas Court  
Adam Luckhaupt, Delegate, Franklin County Clerk of Courts  
Sharlene Chance, Delegate, Franklin County Clerk of Courts  
Tammy Seelig, Delegate, Franklin County Clerk of Courts  
Angela Mathews, Delegate, Franklin County Clerk of Courts  
Zak Talarek, Delegate, Franklin County Board of Commissioners  
Juan Torres, Delegate, Franklin County Board of Commissioners  
C. Chris Cupples, Delegate, Franklin County Recorder  
Robert Hinton, Delegate, Franklin County Recorder  
Dusten Kohlhorst, Delegate, Franklin County Treasurer  
Lilly Tesfai, Delegate, Franklin County Treasurer  
Orvell Johns, Delegate, Franklin County Treasurer  
Victoria Troy, Delegate, Franklin County Treasurer  
Steven Bulen, Delegate, Franklin County Board of Elections  
Erin M. Gibbons, Delegate, Franklin County Board of Elections

# AGENDA-Automatic Data Processing Board Meeting, December 04, 2023

---

## 9:00 A.M. Convene in Regular Session

- **Call to Order**
- **Pledge of Allegiance**
- **Secretary's Comments**
- **Approve or amend the Minutes of November 13, 2023, Regular Data Board Meeting**
- **New Business**

— **Resolution No. 23-134 Franklin County Technical Equipment Salvage**

— **Resolution No. 23-135 Franklin County Board of Elections – Electronic Poll Book Replacement**

— **Resolution No. 23-136 Franklin County Board of Elections – 2024 Baseline Procurement and Annual Renewal**

— **Resolution No. 23-137 Franklin County Clerk of Courts – 2024 Baseline Procurement and Annual Renewal**

— **Resolution No. 23-138 Franklin County Coroner's Office – 2024 Baseline Procurement and Annual Renewal**

— **Resolution No. 23-139 Franklin County Sheriff's Office – 2024 Baseline Procurement and Annual Renewal**

— **Resolution No. 23-140 Franklin County Economic Development and Planning – 2024 Baseline Procurement and Annual Renewal**

— **Resolution No. 23-141 Franklin County Board of Developmental Disabilities – 2024 Baseline Procurement and Annual Renewal**

— **Resolution No. 23-142 Franklin County Engineer's Office – 2024 Baseline Procurement and Annual Renewal**

Monday Morning Session

November 13, 2023

- - -

CALL TO ORDER

- - -

SECRETARY STINZIANO: Well, good morning, everyone. I call the November 13th, 2023, Automatic Data Processing Board meeting to order.

Please join me in the Pledge of Allegiance.

(Pledge of Allegiance.)

SECRETARY STINZIANO: Good morning. Thanks everyone for being here.

Because we have a -- so few resolutions, I will not provide any additional comment, and we will not delay, and we will move over to Mr. Frumkin for secretary comments.

- - -

SECRETARY COMMENTS

- - -

MR. FRUMKIN: Good morning. I'll be brief as much as I can.

So good morning and welcome to each of you. And I hope you enjoyed our past weekend.

1                   We are honored -- We honored our  
2 veterans over the weekend, but I believe we should  
3 recognize our veterans daily. If you see someone  
4 wearing something that signifies them as a vet,  
5 take a moment to thank them. It's something I do.

6                   I'm getting there.

7                   As of September 2023, an estimated  
8 17.9 million veterans represent 6.8 percent of the  
9 U.S. population age 18 and over.

10                  In 2022, 602,318 veterans lived in  
11 Ohio. Ohio has the eighth largest veteran  
12 population.

13                  And according to the 2021 Census,  
14 here in Franklin County, we have 17,221 Vietnam  
15 veterans, 22,987 combined Gulf War veterans, 2,780  
16 Korean veterans, and 1,366 still-living World War  
17 II veterans.

18                  With that, I would like to ask any  
19 veteran that's in the room to stand up.

20                  (Veterans stood up.)

21                  (Applause.)

22                  MR. FRUMKIN: With that, I would  
23 also like to signify, we have seven veterans here  
24 at the Data Center who I would like to recognize:

1 is Ryan Burkett, Mark Focken, Justin Konyn,  
2 Rob Linton, Martin Ripple, Vince Smithers, and  
3 myself, but -- And I appreciate others that are in  
4 the room, as well.

5 We currently have 42 projects in our  
6 portfolio, which, we are actively working 20 of  
7 those projects. We successfully closed four  
8 projects this past month.

9 We are continuing our efforts, as  
10 some of you may know, in the MDM Intune space. We  
11 issued an Impact Assessment to our IT contacts to  
12 gauge a level of comfort with the effort and will  
13 be discussing at Tech Roundtable tomorrow.

14 We are -- We'll also reach out  
15 proactively with an organizational change  
16 management mindset and meeting everyone where they  
17 are so that we can continue this program.

18 We've kicked off the Security  
19 request form replacement project and are beginning  
20 to iron out the -- the dates and timing for the  
21 details. We expect to contact partners beginning  
22 in early December on how those changes will affect  
23 each individual agency.

24 The Delivery Services team will be

1 performing an end-of-year assessment, kind of a  
2 year-end review to report on project  
3 accomplishments for 2023. Results will be shared  
4 at the January Data Board and at the January Tech  
5 Roundtable.

6 From a security perspective, this is  
7 a combined security update of myself and Nikki,  
8 'cause Nikki is out of the office at a conference  
9 and taking a few days off.

10 So the Security Team completed a  
11 three-day engagement with the Security Incident and  
12 Event Management solution provider last week. This  
13 was a deep dive that was targeted at refining the  
14 log sources and corresponding alarms and automating  
15 remediation possibilities. This goal is to make  
16 the -- the SIEM, which is the S-I-E-M, or Security  
17 Incident and Event Management smarter and utilize  
18 automation for more routine responses.

19 Third-party zero trust assessment  
20 information gathering sessions have been completed,  
21 and we are awaiting official results. Preliminary  
22 recommendations align with our Zero Trust Strategy,  
23 and that we have been communicating -- that Nikki  
24 has been communicating to all of you.

1                   Evaluation of Windows Server 2022  
2 collaboration efforts between the server and  
3 security teams is now under way. The intent is to  
4 settle on a base image in the coming weeks. This  
5 will be utilized for all new server builds going  
6 forward. We will be utilizing the CIS Benchmarks,  
7 which is a national benchmark, as a guide to  
8 determine controls be placed in place for all  
9 server builds going forward.

10                   User management automation project  
11 kickoff and initial planning sessions were  
12 completed. The infrastructure has been built and  
13 is undergoing configuration and will be turned over  
14 to the identity team soon for application  
15 configuration.

16                   At the same time, the identity team  
17 is partnering with agencies to build out access  
18 roles in preparation of onboarding of the new  
19 solution. In other words, if you've heard of  
20 role-based security, that's what we're moving  
21 more -- more forward towards.

22                   This brings me to the metrics  
23 portion of the presentation.

24                   Security Awareness Training

1 Completion Rate is at 74.12 percent, which is up  
2 from last month. This is 2,687 users who have  
3 completed security awareness training for the year.  
4 When you think about how many people we have in the  
5 county that have to take it, then think about that.

6 But as mentioned last month,  
7 Microsoft is the first line of email defense.  
8 October was more active, with 32,015 phishing  
9 attempts blocked and 229 malware attempts. A total  
10 of 32,244 bad-actor attempts were be prevented  
11 against the county.

12 The secondary and more sophisticated  
13 solution blocked an additional 488 attempts.  
14 Credential theft is still the top attempt,  
15 representing 82 percent of all attempts coming into  
16 the county.

17 Patching is considered a base  
18 requirement for security programming as it provides  
19 security updates and reduces the opportunity for  
20 exploitation through known vulnerabilities. In  
21 October, 3,123 endpoints were patched successfully,  
22 with an average time of 13.2 days, and 573 servers  
23 were patched with an average time of completion of  
24 14.7 days.

1           October is 10 -- October had 10 new  
2 requests that required Vendor Risk Assessments.

3           The vulnerability management program  
4 continues to move forward. During October, there  
5 were 196 critical or high vulnerabilities  
6 remediated across 9 servers. And these were  
7 definitely some of the more critical applications  
8 for the agencies involved, so there were -- was  
9 more care and due diligence with these.

10           As part of the vulnerability program  
11 approach, we always look at continuous improvement  
12 and operational efficiency. In October, we  
13 successfully released our regular third-party  
14 application updates for common applications to 161  
15 servers in the environment. This is a huge step  
16 forward in securing the county's infrastructure  
17 efficiently and effectively.

18           So a sneak peak into November and  
19 December for vulnerability reveals a focus on  
20 endpoints. The plan is to keep moving servers  
21 forward and to start tackling endpoints as a whole.  
22 The security team will coordinate and collaborate  
23 with agency IT staff in the coming future.

24           With that, barring any questions or

1 comments, I defer back to Honorable Stinziano and  
2 wish to thank you for your continued support in the  
3 Data Center.

4 We also do not have a financial  
5 update at this point.

6 SECRETARY STINZIANO: Thank you for  
7 the update.

8 Are there any questions or comments  
9 from members of the Board?

10 That will conclude our security  
11 comments.

12 Next, we will approve the meeting  
13 minutes from the October 2nd, 2023, Regular Board  
14 Meeting.

15 Are there any questions or comments?

16 Hearing none, I'd like to take a  
17 motion for approval.

18 CLERK O'SHAUGHNESSY: I so move.

19 DIRECTOR WHITE: Second.

20 SECRETARY STINZIANO: It's been  
21 moved and seconded.

22 All those in favor, please signify  
23 by voting aye.

24 Same sign for opposition.

1 Any abstentions?

2 Minutes are approved.

3 (Vote taken; motion passed.)

4 - - -

5 RESOLUTION NO. 23-130

6 - - -

7 SECRETARY STINZIANO: We'll now move  
8 to new business.

9 Next is -- the first is the  
10 Resolution 23-130, Franklin County Technology  
11 Equipment Salvage.

12 MS. LUST: Thank you.

13 And I also wanted to give you an  
14 update on our -- our salvage situation.

15 Adam is currently working with the  
16 Prosecuting Attorney's Office for a path forward  
17 for the Data Center in the county's salvage  
18 disposal. We do hope to have something for you  
19 next month regarding that resolution.

20 We do still have a little bit of  
21 space left for our agencies that are wanting to  
22 send in items for salvage; however, that is  
23 starting to run low, also.

24 This particular resolution is for

1 equipment that we have deemed no longer useable and  
2 should be salvaged.

3 So pending any questions, I request  
4 your approval of this resolution.

5 SECRETARY STINZIANO: Thank you for  
6 the update.

7 Are there any questions or comments?

8 MR. PAYNE: Will the prosecutor's  
9 office be replacing their game console?

10 MS. LUST: Yeah. I can give an  
11 update on that, too. That came in from someone as  
12 evidence; and as part of the evidentiary process,  
13 they are required to then dispose of that  
14 equipment, so.

15 I -- I -- I too checked, Mr. Payne,  
16 to find out why that was on there.

17 SECRETARY STINZIANO: Any additional  
18 questions or comments?

19 Hearing none, I would like to seek a  
20 motion for approval of the resolution.

21 CLERK O'SHAUGHNESSY: I so move.

22 DIRECTOR WHITE: Second.

23 SECRETARY STINZIANO: It's been  
24 moved and seconded. All those in favor please

1 signify by voting aye.

2 Same sign for opposition.

3 Any abstentions?

4 The resolution is approved.

5 (Vote taken; resolution passed.)

6 - - -

7 RESOLUTION 23-131

8 - - -

9 SECRETARY STINZIANO: Next is  
10 Resolution 23-131, Franklin County Purchasing  
11 Department - Mail Sorter Replacement.

12 MS. SPEAKMAN: Good morning. My  
13 name is Cheri Speakman, Business Relationship  
14 Manager for the Franklin County Data Center.

15 This morning I am representing one  
16 of my partner agencies, the Franklin County  
17 Purchasing Department; and they are seeking to  
18 replace the mailroom's current mail sorter that is  
19 used to process the outgoing mail. The current  
20 sorter is reaching its end of life in December of  
21 2023. And if there are no questions, we are asking  
22 for approval of Resolution 23-131.

23 SECRETARY STINZIANO: Thank you.  
24 Mail is important, so you say all you need to.

1 Thank you for the presentation.

2 Any questions or comments from  
3 members of the Board?

4 Seeing no further review, I'd like  
5 to seek a motion for approval.

6 CLERK O'SHAUGHNESSY: I so move.

7 DIRECTOR WHITE: Second.

8 SECRETARY STINZIANO: It's been  
9 moved and seconded.

10 All those in favor, please signify  
11 by voting aye.

12 Same sign for opposition.

13 And any abstentions?

14 MR. TORRES: The Board of  
15 Commissioners abstains.

16 SECRETARY STINZIANO: Abstention is  
17 noted.

18 The resolution is approved.

19 (Vote taken; motion passed.)

20 - - -

21 RESOLUTION NO. 23-132

22 - - -

23 SECRETARY STINZIANO: Next is  
24 resolution 23-132, Franklin County Sheriff's

1 Office - Technolog- -- Technology for Phase II of  
2 the New Jail.

3 MR. CROWTHER: Good morning.  
4 Shanon Crowther, Director of IT for the Sheriff's  
5 Office.

6 The new Franklin County Corrections  
7 Center located at 2551 Fisher Road requires  
8 technology to function. The following technology  
9 items will be used to outfit the second phase of  
10 this new facility. It includes desktops, laptops,  
11 monitors, printers, and other IT accessories. This  
12 resolution is not to exceed \$121,085.99 and will be  
13 funded from the Public Safety Censor Fund.

14 Pending any questions, I request  
15 your approval.

16 SECRETARY STINZIANO: Thank you for  
17 the presentation.

18 Any questions or comments from  
19 members of the Board?

20 Seeing no further review, I'd like  
21 to seek a motion for approval.

22 CLERK O'SHAUGHNESSY: I so move.

23 DIRECTOR WHITE: Second.

24 SECRETARY STINZIANO: It's been

1 moved and seconded.

2 All those in favor, please signify  
3 by saying aye.

4 Same sign for opposition.

5 Any abstentions?

6 Resolution is approved.

7 (Vote taken; motion passed.)

8 - - -

9 RESOLUTION NO. 23-133

10 - - -

11 SECRETARY STINZIANO: Our final  
12 resolution is 23-133, Franklin County Sheriff's  
13 Office - Procurement of NeoGov.

14 SHANON CROWTHER: This resolution is  
15 for the Sheriff's Office to seek to procure and  
16 implement NeoGov as a SaaS solution. Recruitment  
17 and staffing are a large part of fulfilling our  
18 mission. The Sheriff's Office has an assortment of  
19 careers available to become a deputy, civilian  
20 positions, and unique other opportunities for  
21 advancement. This will help to improve and  
22 automate many of the steps in our hiring process.

23 This procurement includes the  
24 renewal of three NEOGOV modules which we currently

1 utilize and a new subscription for an additional  
2 three modules over the next three years.

3 The procurement also includes  
4 professional services for implementation and  
5 training. Three-year subscription cost is  
6 \$218,348.13, with an additional \$14,300 for  
7 implementation and training.

8 It will be partly funded from the  
9 Sheriff's IT -- IT Budget because of -- we're  
10 already paying for the renewals of that. It's  
11 already budgeted for that.

12 Pending any questions, I request  
13 your approval.

14 SECRETARY STINZIANO: Thank you for  
15 the presentation.

16 Any questions or comments from  
17 members of the Board?

18 Hearing no further review, I'd like  
19 to seek a motion for approval.

20 CLERK O'SHAUGHNESSY: I so move.

21 DIRECTOR WHITE: Second.

22 SECRETARY STINZIANO: It's been  
23 moved and seconded.

24 All those in favor, signify by

1 voting aye.

2 Same sign for any opposition.

3 And any abstentions?

4 The resolution is approved.

5 (Vote taken; motion passed.)

6 - - -

7 SECRETARY STINZIANO: That concludes  
8 our resolutions.

9 Moving on to other business.

10 Do any members of the Board have  
11 anything that they would like to share?

12 Judge?

13 JUDGE BROWN: I don't.

14 SECRETARY STINZIANO: Clerk?

15 CLERK O'SHAUGHNESSY: Happy

16 Thanksgiving.

17 SECRETARY STINZIANO: Board of  
18 Commissioners?

19 MR. TORRES: Nothing.

20 SECRETARY STINZIANO: Recorder?

21 RECORDER O'CONNOR: I am very  
22 worried about a significant breach of security and  
23 data in this county. What Michigan football has  
24 done and what they did last November in Columbus

1 cannot go unnoticed, so I know the auditor is on  
2 top of that and all the staff are looking for a  
3 counterattack. So that's all.

4 SECRETARY STINZIANO: Thank you for  
5 sharing that concern. Noted.

6 (Indiscernible discussion.)

7 SECRETARY STINZIANO: Commissioner's  
8 Office?

9 MR. TORRES: No.

10 SECRETARY STINZIANO: Treasure's  
11 office?

12 MR. KOHLHORST: No.

13 SECRETARY STINZIANO: Board of  
14 Elections?

15 DIRECTOR WHITE: I echo the  
16 Recorder's comments.

17 No comment.

18 SECRETARY STINZIANO: Having no  
19 further business, we are adjourned.

20 Thanks everyone for your time. Have  
21 a wonderful week. Go Bucks!

22 (Thereupon, the proceeding concluded  
23 at approximately 9:12 a.m.)

**FRANKLIN COUNTY BOARD OF ELECTIONS  
INFORMATION TECHNOLOGY PROCUREMENT REQUEST  
ELECTRONIC POLL BOOK REPLACEMENT**

**WHEREAS**, in accordance with Ohio Revised Code Section 307.84, the Franklin County Automatic Data Processing Board may authorize, in writing, any County office to purchase, lease, operate, or contract for the use of any automatic or electronic data processing or record-keeping equipment, software, or service; and,

**WHEREAS**, the attached detail describes the purchase(s) required for the normal operation; and,

**WHEREAS**, the Data Center Chief Information Officer has reviewed the technical and security aspects of the procurement and made recommendations on the attached detail; and,

**WHEREAS**, the Automatic Data Processing Board has determined that it is in the best interest of the County to authorize these expenditures, contingent upon the Franklin County Board of Commissioners' approval, and,

**NOW, THEREFORE, BE IT RESOLVED** that the Franklin County Automatic Data Processing Board authorizes the technology procurement.

## **Franklin County Data Center Recommendation**

Replacing outdated equipment and software is essential to the security and resiliency of the County environment. BOEL will work with FCDC through the procurement process and implementation. Therefore, FCDC recommends this resolution.

## **Fiscal Information**

**Funding Source:** This effort was funded in the Franklin County Board of Elections 2023 IT budget .

Franklin County Automatic Data Processing Board  
 Information Technology Procurement Resolution

Resolution #: 23-136  
 Dated: 12/04/2023

Title: 2024 Baseline Procurements and Annual Renewals  
 Agency: Franklin County Board of Elections  
 Amount: \$2,000,000.00  
 Category: Hardware, Software, and Technology Services

**Business Justification**

The Franklin County Board of Elections (BOEL) mission is to provide election services, information, and education to the residents of Franklin County so that they can exercise their right to vote and have confidence that the elections are fair, impartial, and accurate.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

Franklin County Automatic Data Processing Board  
 Information Technology Procurement Resolution

Resolution #: 23-137  
 Dated: 12/04/2023

Title	2024 Baseline Procurements and Annual Renewals
Agency	Franklin County Clerk of Courts
Amount	\$8,968,467.00
Category	Hardware, Software, and Technology Services

**Business Justification**

The Franklin County Clerk of Courts (CLCT) preserves court records for Franklin County. Additionally, the CLCT manages titling and proof of vehicle ownership for the State of Ohio. Both lines of service are vital to Franklin County's citizens and require technology support to succeed.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

 Dated: 12/04/2023

Title: 2024 Baseline Procurements and Annual Renewals  
 Agency: Franklin County Corner’s Office  
 Amount: \$222,563.00  
 Category: Hardware, Software, and Technology Services

**Business Justification**

The mission of the Franklin County Coroner's Office (CRNR) is to serve and protect the interests of the community by maintaining the highest standard of professionalism and integrity in determining the cause and manner of death. Information technology is required to achieve this mission, including annual recurring hardware, software, and services.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

**FRANKLIN COUNTY ECONOMIC DEVELOPMENT AND PLANNING  
INFORMATION TECHNOLOGY PROCUREMENT REQUEST  
2024 BASELINE PROCUREMENT AND ANNUAL RENEWAL**

**WHEREAS**, in accordance with Ohio Revised Code Section 307.84, the Franklin County Automatic Data Processing Board may authorize, in writing, any County office to purchase, lease, operate, or contract for the use of any automatic or electronic data processing or record-keeping equipment, software, or service; and,

**WHEREAS**, the attached detail describes the purchase(s) required for the normal operation; and,

**WHEREAS**, the Data Center Chief Information Officer has reviewed the technical and security aspects of the procurement and made recommendations on the attached detail; and,

**WHEREAS**, the Automatic Data Processing Board has determined that it is in the best interest of the County to authorize these expenditures, contingent upon the Franklin County Board of Commissioners' approval, and,

**NOW, THEREFORE, BE IT RESOLVED** that the Franklin County Automatic Data Processing Board authorizes the technology procurement.

Franklin County Automatic Data Processing Board  
 Information Technology Procurement Resolution

Resolution #: 23-140  
 Dated: 12/04/2023

Title	2024 Baseline Procurements and Annual Renewals
Agency	Franklin County Economic Development and Planning
Amount	\$199,841.00
Category	Hardware, Software, and Technology Services

**Business Justification**

The Franklin County Economic Development and Planning (EDP) supports the County Board of Commissioners' mission by implementing resident-centric economic development and planning policies that strive to improve access to opportunity, work quality, and place quality. EDP collaborates with Franklin County departments and regional partners to pursue this mission.

EDP includes the Economic Development, Community Development, Geographic Information Systems, Planning and Zoning, and Building Services Divisions. EDP relies on the Data Center to provide all IT support.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

Franklin County Automatic Data Processing Board  
 Information Technology Procurement Resolution

Resolution #: 23-141  
 Dated: 12/04/2023

Title	2024 Baseline Procurements and Annual Renewals
Agency	Franklin County Board of Developmental Disabilities
Amount	\$2,537,404.00
Category	Hardware, Software, and Technology Services

**Business Justification**

The Franklin County Board of Developmental Disabilities (FCBDD) maintains and manages its own technology infrastructure, including a data center supporting over 700 employees across multiple physical locations. FCBDD technology budget provides for hardware, software, operating systems, data management, enterprise and desktop applications, e-mail, security, disaster recovery, backups, lifecycle replacements, telecom, project support, and service recipient technologies. Additionally, the Board utilizes Franklin County Data Center hardware and software for the Enterprise ERP application.

The FCBDD has submitted its entire hardware, software, and support services budget for FY 2024 to ensure that technology requirements are met to carry out the agency's mission effectively. Items in this document will be purchased throughout FY 2024 utilizing agency funds. No general funds are being requested.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

Franklin County Automatic Data Processing Board  
 Information Technology Procurement Resolution

Resolution #: 23-145  
 Dated: 12/04/2023

Title: 2024 Baseline Procurements and Annual Renewals  
 Agency: Franklin County Fleet Management  
 Amount: \$42,738.00  
 Category: Hardware, Software, and Technology Services

**Business Justification**

The Franklin County Fleet Management (FLEET) is the internal agency responsible for preventative maintenance, minor and major vehicle repairs, emergency repairs, towing of disabled vehicles, providing fuel, expediting accident repairs and claims, new vehicle purchasing and preparation for departmental use, and the disposal of obsolete vehicles for all vehicles owned by the Franklin County Board of Commissioners. FLEET also provides fuel and services to numerous other governmental entities located in Franklin County. FLEET is proud to do its part to protect and serve the citizens of Franklin County by maintaining a safe and dependable fleet of vehicles.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

INFORMATION TECHNOLOGY PROCUREMENT REQUEST  
2024 BASELINE PROCUREMENT AND ANNUAL RENEWAL**

**WHEREAS**, in accordance with Ohio Revised Code Section 307.84, the Franklin County Automatic Data Processing Board may authorize, in writing, any County office to purchase, lease, operate, or contract for the use of any automatic or electronic data processing or record-keeping equipment, software, or service; and,

**WHEREAS**, the attached detail describes the purchase(s) required for the normal operation; and,

**WHEREAS**, the Data Center Chief Information Officer has reviewed the technical and security aspects of the procurement and made recommendations on the attached detail; and,

**WHEREAS**, the Automatic Data Processing Board has determined that it is in the best interest of the County to authorize these expenditures, contingent upon the Franklin County Board of Commissioners' approval, and,

**NOW, THEREFORE, BE IT RESOLVED** that the Franklin County Automatic Data Processing Board authorizes the technology procurement.

Franklin County Automatic Data Processing Board  
Information Technology Procurement Resolution

Resolution #: 23-146  
Dated: 12/04/2023

Title	2024 Baseline Procurements and Annual Renewals
Agency	Franklin County Department of Human Resources
Amount	\$740,993.00
Category	Hardware, Software, and Technology Services

**Business Justification**

The Franklin County Department of Human Resources (HRMS) relies on the Data Center to support IT. HRMS encompasses Employee Relations, Risk Management, and Benefits and Wellness.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

Franklin County Automatic Data Processing Board  
 Information Technology Procurement Resolution

Resolution #: 23-148  
 Dated: 12/04/2023

Title	2024 Baseline Procurements and Annual Renewals
Agency	Franklin County Probate Court
Amount	\$100,516.00
Category	Hardware, Software, and Technology Services

**Business Justification**

The Franklin County Probate Court (PBCT) is established in each county of Ohio to supervise the administration of the estate of a decedent who was a legal resident in the county at the time of his or her death. Each transaction involved in the administration of an estate is subject to the examination and approval of the PBCT. Other matters within the PBCT's jurisdiction are the issuance of marriage licenses, adoptions, guardianship proceedings, the involuntary commitment of the mentally ill, and land appropriation cases.

This resolution will authorize the continuation of the current year's baseline renewals and procurements as listed below. Procurements associated with new projects or technology will be presented under separate resolutions.

**NOW, THEREFORE, BE IT RESOLVED** that the Franklin County Automatic Data Processing Board authorizes the expenditure of funds and grants the Data Center Chief Information Officer, authorization to approve these requisitions in ERP.

Franklin County Automatic Data Processing Board  
 Information Technology Procurement Resolution  
 Resolution #: 23-149  
 Dated: 12/04/2023

---

Title	2024 Baseline Procurement and Annual Renewals
Agency	Franklin County Data Center
Amount	\$13,000,000
Category	Hardware, Software, and Technology Services

---

**Business Justification**

The Franklin County Data Center (FCDC) maintains a countywide data network that serves over 44 partner agencies, courts, and programs, including over 5,000 users, 8,000 devices, and 350 applications. Maintaining the network requires a continuation of annual software subscriptions, hardware maintenance, support services, materials, and supplies. This resolution will authorize the continuation of current baseline annual renewals and procurement as listed below. Procurement associated with new projects will be presented under separate resolutions.

Program	Description
10220900	Security Identity Management software and services
10220900	Endpoint security / antivirus -software and services
10220900	SIEM software and services
10220900	Kiowaresoftware in support of agencies

\_\_\_\_\_  
**David Payne**, Member  
Deputy Director, Franklin County Board of  
Election

**FRANKLIN COUNTY, OHIO  
AUTOMATIC DATA PROCESSING BOARD**

**ACQUISITION APPROVAL OF COMPUTER HARDWARE,  
SOFTWARE AND SERVICES \$99,999.99 OR LESS**

**WHEREAS**, in accordance with Ohio Revised Code Section 307.842, the Franklin County Automatic Data Processing Board may authorize, in writing, any county office to contract for automatic data processing services or operate or acquire automatic data processing equipment or software; and,

**WHEREAS**, the Franklin County Automatic Data Processing Board has approved an Information Systems Acquisition Process under Resolution 20-051; and,

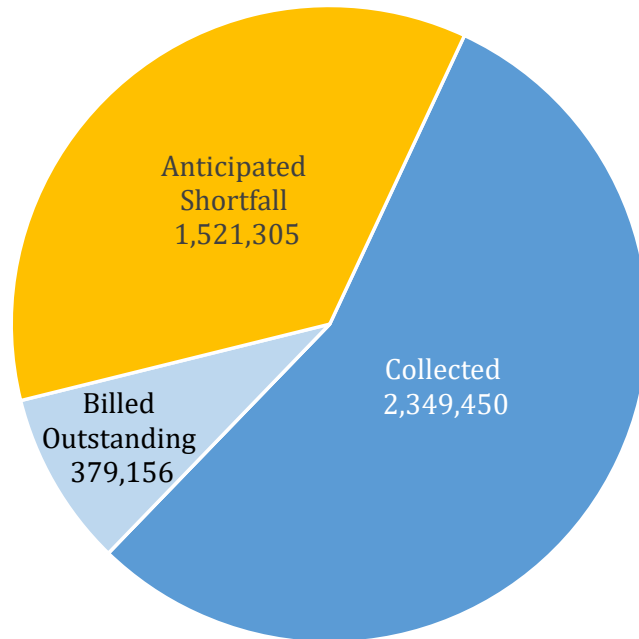

**WHEREAS**, the Data Center Chief Information Officer requests the authority of the Board to approve non-Data Center acquisition of computer hardware, software, or services in the amount of \$99,999.99 or less; and,

**NOW, THEREFORE, BE IT RESOLVED** that the Franklin County Automatic Data Processing Board authorizes the Data Center Chief Information Officer or designee to approve the acquisition of computer hardware, software, or services in the amount of \$99,999.99 or less for the period January 02, 2024, through January 03, 2025.
